Foreword

This student handbook was compiled by the School of Arts in Dublin Business School. The purpose of this handbook is to provide you with a summary of resources, regulation, policies, and procedures for this programme. Please note that the official sources for all rules, regulations and assessment relating to programmes are published and can be viewed on the DBS website. This handbook is not intended as a substitute for these, or other official documents, which take precedence in all cases. Some of the information outlined in this handbook may be subject to change.

Welcome to DBS

Dear Student,

Welcome to DBS. I hope you enjoy your time here while studying with us. Our objective is to create postgraduates with the knowledge, skills and confidence to meet the challenges of today's rapidly changing workplace in Ireland and abroad.

Our postgraduate programmes cover a broad spectrum of subject areas, such as Accounting and Finance, Information Technology, Marketing, Management, Psychology, Psychotherapy, Psychoanalysis, Addiction Studies and others. All programmes are designed to provide you with an appropriate grounding and understanding of core subjects. However, we know that you have your own career aspirations and that you may wish to specialise in your own preferred area of study and all our programmes are designed to allow you that option.

Dublin Business School is committed to providing you with a learning environment that encourages you to meet your potential both personally and professionally. A wide range of support services are available through DBS to provide you with the advice and guidance needed to identify, achieve and excel in your chosen career. Full information on our support services and relevant contact details are available in this Student Handbook.

Academic studies at this level will be thought provoking, challenging, interesting and exciting. Your studies will prepare you for a life of continuous learning. We are confident that you will find this experience highly rewarding.

Should you have any questions or concerns, please do not hesitate to contact any member of staff in DBS.

We look forward to talking with you and working with you in the year ahead.

Class Representative System

The need for a Class Representative System is essential. Each undergraduate class has to appoint two Class Representatives. They then liaise with learners and faculty and co-ordinate student feedback and student input to the course review process.

At the beginning of the academic year, Class Representatives will attend Class Rep training. This Training will be co-ordinated by Student Services. Class Representatives will have the opportunity to attend two class rep meetings and two meetings with Student services during the academic year and formal reports of these meetings will be part of our formal review process.

Each Class Representative who is active during the year will be entitled to a letter of recognition to acknowledge and validate their participation in the programme. These letters will be completed by Students Services with the backing of Programme Leaders.

Student Feedback Questionnaire

Questionnaires are completed by students on Moodle twice during the academic year to provide the opportunity for each individual to contribute directly to the course review process. Immediate issues are addressed as soon as possible and recommendations are reviewed for following academic years.

Assessment

The purpose of assessment is to ensure that you achieve the learning outcomes of each module. Learning outcomes are statements that specify what you will know or be able to do as a result of a learning activity. Assessment types vary depending on what learning outcome is being examined. For example, if you are learning a computer language then you may be assessed by a practical lab exam, or project work. For more theoretical modules a report, essay or case study would be more appropriate. It is important that you familiarise yourself with the assessments format, number of assessments, assessment weighting, and due dates. These are published in the Module Guide. All assessments are marked and graded by your lecturer, and are reviewed by an internal moderator and an external examiner. This is to ensure fairness, consistency of marking and the correct standard across all assessment. Results are always provisional until they are approved by the external examiner and are processed through the programme exam board. The purpose of an exam board is to formally ratify results and determine award classification (for more information please refer to the Quality Assurance Guide)

The assessment schedule is published on MOODLE.

Your goal is to achieve the highest mark possible in your assessment.

- Complete ALL assessment components.
- Submit all assessment on time as indicated on the assessment specification.
- Complete all parts of each assessment.
- NEVER copy/plagiarise or submit content that is not yours by ensuring that you apply the correct referencing standard.
- Always ask your lecturer if you are not sure about any requirements, not your fellow students.
- Always write/type your ID number on any assessment or exam script.
- If you require support for assessment, ensure that you have completed the appropriate paperwork and submitted it to the Disability Officer well in advance of any assessment or exam dates.

Failure to meet Assessment Deadline

If you are not going to meet an assessment deadline, you must fill in a **Personal Mitigating Circumstance (PMC Form)** which you can find at:

<http://students.dbs.ie/exams-office>

Supporting documents are required to defer any exam/assessment and should be submitted to your programme coordinator in advance of the date of the exam/assessment deadline or within 7 days afterwards. **Failure to defer will result in module/s marks being capped at 40%.**

Transcripts : Should you need a transcript of your results please note at peak times, it can take up to 5-10 days. Please request transcripts [here](#)

For any further queries, please contact your programme co-ordinator or see the [Quality Assurance handbook](#). (QAH)

School Administration

Attendance

Students are expected to attend all of their classes. Student attendance is monitored through the process of 'tagging in' to classes. If you do not tag into your lecture you will be marked as absent.

If you have forgotten your student card to tag in with then you need to make your lecturer aware during or directly after your class. They will need to confirm in writing that you attended the class with your programme coordinator.

Student attendance percentage is now available to view on your Moodle page.

Full details of the attendance policy are available in the [QAH](#) on our website.

Policy on Recording

It has come to our attention that in recent times some students have recorded lecturers. Please note that it is DBS policy that no student may record sound or video in a teaching situation, to include lecturers, seminars, tutorials or labs, without prior written consent of the lecturer and the other participating students. Only in cases where there are personnel mitigating circumstances of a student will requests of this nature be considered. A formal request must be made prior to any recording, and academic staff have the right to refuse where other mechanisms to support the student can be instituted.

International Student Attendance Requirements

Some students from outside the European Union (EU) are required to hold a visa to study in Ireland. There are conditions attached to having a visa and for students one of those conditions relates to attendance in class. The conditions have been set by the Irish Department of Justice and are strictly enforced by the Irish police force through the Garda National Immigration Bureau (GNIB).

Full attendance and participation at class are important elements of taking a programme at DBS. Our culture of student attendance and our target of attendance at every class mean that international students can easily meet this visa requirement monitored by GNIB.

To assist international students in this regard, we monitor and report separately the attendance of students who require a visa. Where attendance is consistently below the target level, students will receive contact from the college.

We are obliged to provide weekly attendance data to the GNIB. You must have over 85% attendance for a re-entry visa. Where a student cannot attend because of illness, a certificate from a doctor will be required and if received, this will be taken into account if reporting to GNIB. Doctor's certificates must be received within 5 days of absence to be recorded, without exceptional circumstances.

If a student requires a letter from DBS outlining their level of attendance at class they should, in the first instance, contact the [International Office in Student Services](#)
