Student Feedback Questionnaire

Questionnaires are completed by students on Moodle twice during the academic year to provide the opportunity for each individual to contribute directly to the course review process. Immediate issues are addressed as soon as possible and recommendations are reviewed for following academic years.

Assessment

The purpose of assessment is to ensure that you achieve the learning outcomes of each module. Learning outcomes are statements that specify what you will know or be able to do as a result of a learning activity. Assessment types vary depending on what learning outcome is being examined. For example, if you are learning a computer language then you may be assessed by a practical lab exam, or project work. For more theoretical modules a report, essay or case study would be more appropriate. Many modules will also include traditional style examination as the assessment type. It is important that you familiarise yourself with the assessments format, number of assessments, assessment weighting, and due dates. These are published in the Module Guide. All assessments are marked and graded by your lecturer, and are reviewed by an internal moderator and an external examiner. This is to ensure fairness, consistency of marking and the correct standard across all assessment. Results are always provisional until they are approved by the external examiner and are processed through the programme exam board. The purpose of an exam board is to formally ratify results and determine award classification (for more information please refer to the Quality Assurance Handbook).

The assessment schedule is published on Moodle.

The exam timetable is published on the exam page in the DBS current student area. Your goal is to achieve the highest mark possible in your assessment.

- Complete ALL assessment components.
- Submit all assessment on time as indicated on the assessment specification.
- Complete all parts of each assessment.
- NEVER copy/plagiarise or submit content that is not yours by ensuring that you apply the correct referencing standard.
- Always ask your lecturer if you are not sure about any requirements, not your fellow students.
- Always complete the required number of questions in an exam.
- Practice writing out answers for end -of term exams by doing previous papers, in particular hand writing answers to ensure that you're writing is legible.
- Always write/type your ID number on any assessment or exam script.
- If you require support for exams/assessment, ensure that you have completed the appropriate paperwork and submitted it to the Disability Officer well in advance of any assessment or exam dates.

Exam

All information needed around examinations, timetables, etc. can be found on the exams page on our website. Please see <https://students.dbs.ie/exams-office>

For any further queries, please contact your Programme Manager or see the QA handbook.

Should you need a transcript of your exam results please note at peak times it may take a few days.

Exams Absence

Examinations timetables are posted on the link below with the date, time and location of the exam. All students should regularly check the exams timetable before an exam so you are well prepared for the date: <https://students.dbs.ie/timetables>

If you cannot sit the exam for any reason you need to fill in a **Personal Mitigating Circumstance (PMC) form** which you can find at:

<https://students.dbs.ie/dbs-student-services/online-student-forms>

Supporting documents are required to defer any exam and should be submitted to your Programme Manager in advance of the date of the exam or within 7 days afterwards. **Failure to defer will result in module/s marks being capped at 40%.**

Please also remember to bring your student card to the examination with you.

Should you have any questions regarding the examinations around the exam time, please email the exams office on exams@dbs.ie

School Administration

Attendance

Students are expected to attend all of their classes. Student attendance is monitored through the process of 'tagging in' to classes. If you do not tag into your lecture you will be marked as absent.

If you have forgotten your student card to tag in with then you need to make your lecturer aware during or directly after your class. They will need to confirm in writing that you attended the class with your Programme Manager.

Student attendance percentage is now available to view on your Moodle page.

Full details of the attendance policy are available in the Quality Assurance Handbook on our website.
