

## Education Verification Request

### Policy Statement

#### Policy

In order to provide a secure and efficient service, DBS applies a fee for Education Verifications/Transcripts for former students and postal delivery. In the interest of data protection, all items requested for postal delivery will be sent via registered post with An Post. Other courier services incur extra costs. No fee is applicable for current students collecting hard copy or in receipt of a soft copy. In all instances, signed waivers must be received from the former learner before release of verification.
