

APPEAL OF RESULTS FORM

****Assessment Appeal - submit form within 7 days of release of results on Moodle****
The College regulations relating to Appeals
must be read and understood before submitting this form

Appeals should be logged through the [Helpdesk in the Student Dashboard](#) (please see overleaf for guidance on the relevant ticket).

It is important to note that:

The appeal form must be accompanied by a detailed written submission together with supporting documentation (if appropriate). Appeals submitted without a written submission or for which the fee has not been paid will be rejected. It is a learner's responsibility to ensure an appeal is lodged fully and correctly.

Grounds for Appeal:

College's procedures or regulations – if a learner suspects that there have been substantive irregularities in the way in which these procedures or regulations have been executed.

(For example, decisions about a grade or learner record were not made by the authorised individual or team, or access to resources or events was not provided as it should have been).

Assignment brief/ instructions or Examination Paper, or Assessment Process (result appeals only) – if a learner suspects that there have been substantive irregularities in the way in which an Assignment Brief or Exam paper, or the assessment process, have been deployed or managed.

(For example, the assignment brief or exam paper excluded instructions against which the grading was conducted (where this was not a formal part of the assessment), or gave contradictory or misleading instructions, or the grading process overlooked an exam question or part of a submission).

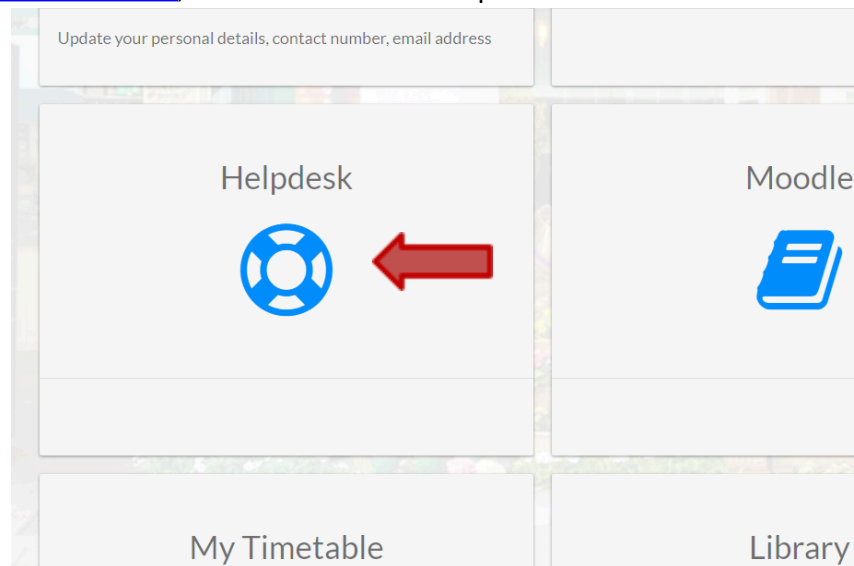

Mitigating Circumstances – if there were mitigating or other circumstances which the College was not aware of when its decision was taken, and valid reasons why this was not and could not be communicated to the College in advance of the decision being made.

(For example, bereavement or illness that could not be reported earlier).

Only in the event that a learner cannot log a ticket online, should the form in the final part of this document be completed and submitted to the Registrar's Office.

Guidance on submitting an Appeal ticket:

From the [learner Dashboard](#), scroll down to the Helpdesk:

As appeals are not common, they will not appear under 'Most common queries', learners must select 'my query is not on the list':

Welcome

Message to let students know this is the quickest way to get queries answered. Ask them to select a case from the dropdown or if they can't find their query click the button. Ideally give a timeframe for when to expect a response.

The new page will look for Support Case Type (**Issue**), Category (**Appeal**), and Sub-Category (select the Appeal type that relates to the decision being appeals) – it is important to select these correctly to avoid delays in the resolution of your ticket:

Appeal Withdrawal from Programme

Under this ticket, learners can add a title (we recommend using your student number and the type of appeal being lodged – if it is a result appeal, note the Module Code, e.g. “**12345678 Appeal result A9PS100**”, or “**12345678 Appeal Withdrawal**”).

Under Additional Information, the learner must set out the explanation of the grounds of the appeal (please refer to the table above about permissible grounds for an appeal – to avoid delays, the grounds should be noted, i.e. **Irregularity in College Procedures/Regulations**, or **Irregularity in Assessment Brief/Exam Paper/ Assessment Process**, or **Mitigating Circumstances**). An appeal with insufficient explanation may be rejected without further consideration.

Learners must add any supporting evidence to the ticket by using the **Drag and Drop** feature, or the **Select File** button. This should include the receipt of the Appeal fee payment made.

Learners will receive an email notification that their ticket has been logged. Appeals may take some time to resolve, where they are complex or require verification of submitted evidence by lecturers or other College teams or systems.
